

## Palatine Schools Closed For Smallpox Vaccination ---Two Cases Quarantined

Two cases of smallpox are quarantined in Palatine. Dr. Winner, of the state department of health, is in direct charge of the situation. He received a telegram from the state department of health last Saturday that small pox had broken out in a construction plant at Palatine. Getting in touch with T. C. Hart, the local clerk, he learned that the local authorities were unaware of the presence of the disease. As all construction work was at a standstill until after Labor day, he waited until Tuesday morning, when he arrived in Palatine and began his investigation.

The information forwarded by the state board of health, came from Cisna Park, Ill., where a negro was found with the disease. This laborer, in giving his history, stated that there were a number of fellow laborers engaged in construction work at Palatine, who were similarly affected. The investigation in Palatine was very rapid.

Dr. Winner found two men with the disease. One of them James Dwyer, is in the last stage of eruption. The other case, Mr. Luthe, had recovered.

A check-up of all barber shops, pool halls and restaurants were promptly made. All people who were known to have been exposed to the disease were ordered vaccinated or to submit to a 20 day quarantine.

Dr. Winner found that the cases around Palatine were mild in character. The victim first suffers with an ailment similar to summer flu. A few days later the eruption breaks out and the victim feels better and able to continue his work as an apparently well person. The danger comes from the fact that malignant small pox might develop and cause the deaths of victims. The minimum quarantine is three weeks.

The board of health will not enforce a general quarantine in the town as long as the situation does not grow worse. The school children will be allowed to attend school after Monday if they have the proper certificate. They will not be required to wait until after the vaccine has had the opportunity to "work."

Dr. Wilson at whose home the reporter appeared, outlined to a reporter Wednesday the history of the cases. The first case was that of Mr. Luthe who was taken ill about 7 or 8 weeks ago. He had a little skin rash on his face, arms other parts of the body. He only and other parts of the body he only eruptions soon cleared up and he thought nothing more of it. A fellow workman, who also occupied a room at the Wilson home was No. 2. He passed through the same experience as did Luthe. James Dwyer was No. 3 and he is the one who is now afflicted with the disease. He had several teeth extracted on account of a case of pyorrhea. He was more ill than any of the others. He was quite sick, but lost little time from his work.

Robt. Donovan is the man who next became sick, and who left Palatine for Cisna Park. There the disease was discovered. During the illness of these men, they visited movie theatres in Arlington Heights, Barrington and Des Plaines. They attended the county fair and the Chicago rodeo and also visited friends in neighboring cities.

A smallpox quarantine was placed upon the Wilson home, Tuesday afternoon. After a conference Wednesday afternoon between Supervisor Meyer representing the township and the village officials, arrangements were made to divide the cost of \$25 a week that is charged by the City of Chicago for any outsiders that are taken to the "pest" house. The sick man was taken there. The Wilson home was promptly fumigated.

### YOUTH DIES FROM INJURIES RECEIVED WHILE DIVING

Arthur Wells, 22 years old, of Des Plaines, Ill., died last week at the Lutheran Deaconess hospital of spinal injuries sustained two months ago when he dived into a lake near Rhinelander, Wis., and struck a plank.

### BULLETIN

Up to Thursday afternoon, no new cases of small pox are reported in Palatine. There have been only a total of four cases. None of the victims are now in the village except one who has entirely recovered. The state health department is checking up daily all people, who are known to have associated with the men who were ill with the disease. There is no cause for alarm, except that a general vaccination must proceed to guard against any further spread of the disease. The health departments of the state, county and village are using every precaution and if the general public will cooperate, there will be little inconvenience to the general public.

G. H. ARPS,  
Chairman, Board of Health.

## Handsome Men and Beautiful Wives Innings at the Fair

The husbands came into their own at the Cook County Fair. The ladies became all fussed up over the contests in which the men folks were the stars. The men did not have anything to do, except to look pretty and judge the calling qualities of the wives. There was even a cow or two mixed up in the special contests that delighted the crowds and invaded the news columns of the Chicago press.

Max Butler, son of Mr. and Mrs. G. C. Butler, age 26, is the young man who won the honor of being termed the handsomest male upon the grounds. He received a blue ribbon and a kiss. It was one of the Delmar sisters, vaudeville artists, who made the selection from the men in the grandstand. There is nothing barring married men from being handsome but the judge singled this unmarried one out of a large crowd. Perhaps the kiss was not given until after the judge had learned that there was no wife nearby.

Anyway Max has brown eyes, chestnut locks, stands 5 feet, eight inches and weighs 146 pounds.

Event No. 2 was a husband calling contest, won by Mrs. R. E. Walen, 4616 Ellis avenue, Chicago. The judges had no way of knowing if friend husband always answers when his wife sends forth the call "Robert," but they are willing to wager that whenever a note of irritation is distinguishable in that call, Robert answers right quick. Nine others competed, some calling persuasively while others used honeyed tones. But Mrs. Walen's call, heard plainly all over the fair grounds, won her the prize, a large box of candy.

John Meyer, the Palatine supervisor, won the cow bell for having the best "cow call." The Chicago press termed his voice a rich basso profundo. The cows may or may not have much appreciation of music, but a voice of such qualities would lead any cow to the milking stool, in the estimation of the judges. Henry Gaare also competed in this event. It has been several years since he has used a cow call and the supervisor had him beat. County Commissioner Kriz likewise attempted a call but there was a city ring to his voice that would not fool any Holstein.

There will be the usual games and contests. A big parade will be held the opening night. The tent will protect the visitors from the weather. Other details will be held in the next issue.

Note—The marriage couple is not limited to Arlington Heights.

## EXPOSITION PLANS ARE COMPLETED

Arlington Heights is going to hold a great Expansion Exhibition Sept. 21, 22, 23 and 24. The local business men's association has contracted for a Booster Week celebration that is going to be a whole lot different from the ones of the last few years. They are going to feature Arlington Heights as it has never before been featured. They intend to present to the people of this community a home town business show. They are going to include the usual fun making and entertainment features, except that the latter will be upon a much higher plane than in other years.

The entire celebration will be held under canvas. A tent 100x180 will be raised in the grade school park. Twenty booths will be placed around the outer ring of the interior of the tent. Room for a local automobile show is provided and the dealers have already assured exhibits. The business booths will be in two tiers along the middle of the tent. Fully a third of these booths have already been taken by the various business houses. A stage will be erected at the rear end of the tent for the entertainment. The entertainers are some of the highest class obtainable. Among the fun makers will be the Wintergarden Four, singing instrumentalists, a quartette which will stroll from booth to booth and keep the crowd moving. The regular pragra will start at 9:30 each evening. That is all that the publicity committee has released up to this time about the program.

Among the special features will be a public wedding. This paper has been asked to furnish the couple. We have not any employees so inclined and are therefore appealing to the public to help us out. There will be a lot of special prizes and gifts for the couple who are not too bashful to "join hands" before such a large crowd. Applications should be made direct to the editor or to Mr. W. J. Hausam and they will be treated in the strictest confidence. It is not intended to reveal before the wedding the names of the participants.

The merchants will distribute to all customers from now until the Exposition special tickets that will enable the holders to over \$300 worth of prizes. These tickets will be absolutely free.

There will be the usual games and contests. A big parade will be held the opening night. The tent will protect the visitors from the weather. Other details will be held in the next issue.

Note—The marriage couple is not limited to Arlington Heights.

## Infantile Paralysis Controlled at Lombard

So many inquiries have been received by this paper in reference to the infantile paralysis at Lombard, we have communicated with Dr. James, the health officer at that place. There has only been one case. The child has been under quarantine three weeks and there is little possibility of any other cases. All children who had been exposed to the disease were promptly quarantined as a preventive measure. In Elmhurst and Lombard there have been a total of four meningitis cases.

To make mint sauce for lamb, chop 1/4 cup of mint leaves very fine, put them into 1/2 cup of vinegar with 1 tablespoon of sugar, and let stand an hour before serving.

## Palatine Boy Scouts Perform Real Service At Cook County Fair

Thirty-six scouts, members of Palatine troop No. 9 performed a real service at the Cook County Fair. There was no "play scouting." They did a lot of real work and incidentally applied the principles of scoutcraft to their jobs. Twenty-five of the boys camped upon the grounds. Regulation tents accommodating from four to eight, adorned "Troop Street." Scout headquarters was occupied by Scoutmaster Kincaid and his assistants, Robt. Schoppe and Geo. Minneberger.

The service rendered by these lads in scout uniform were many and varied. They assisted in extinguishing two fires. They made one run with the chemical fire engine. They were on guard duty throughout the night. Stationed at the various exhibits, they ran errands, located various officials and acted as telephone messengers. They had an average of eight first aid cases a day and perhaps the most important jobs, in the estimation of the mothers, were the locating of lost children of which there were a goodly number.

Scouts will hereafter be a permanent part of the fair personnel. They have proven their usefulness to such an extent that Secretary Hart, says he would not attempt to conduct a fair without them.

Wounds are Numerous

Scoutmaster Kincaid says that it is surprising the number of cuts, bruises and wounds that can be incurred at a county fair. One lad nearly lost a finger when the blade of his "first" knife suddenly shut

up with a finger in the way. The scalp wounds were numerous and resulted from various causes. Sprains and even burns were frequent. The scout organization is very thorough. Every concession man and fair employee was acquainted with the fact that the boy scouts were prepared for first aid work and the "hurts" were immediately sent to scout headquarters. Among the unusual hurts were monkey bites.

### Guard Camp During Night

Two hour shifts were employed in all scout guard duty. These shifts included fire and guard duty during the nights. The property of the exhibitors and concessionaires were well protected throughout the dark hours. The boys enjoyed their work and responsibility that was placed upon them.

They were pleased to entertain a troop from Park Ridge on Sunday. This troop was camping at Deer Grove. Scout executive, Landane inspected the camp one day. Snapshots were taken of the troop and will appear in "Boy's Life," the national scout magazine.

The Palatine boy scout troop will meet every Tuesday evening hereafter at the school house.

Mr. Ford has begun production on his new car model. Now that Henry is back at work there is no excuse for him getting into trouble.

## Strong Corp of Instructors in Lower Grades

Supt. Whitmore reports a total enrollment of 375 pupils in the two elementary and one intermediate schools of District 25, at Arlington Heights. The south side school has 122 pupils in the five grades that are taught there. This leaves 253 pupils enrolled in the two buildings of the north side school. Mr. Whitmore states that he feels the school never had a stronger corps of teachers. The departmental work from the sixth grade and there is every possibility for great improvement and the outlook for the coming year is even better.

Miss Krusek, who has had five years in the Junior high school at Granite City, Ill., has charge of the music. Miss Lewis specializes in arithmetic and teaches sewing to the 8th grade girls. Mrs. Brown specializes in history and geography and has charge of the sewing for the 7th grade girls.

Mr. Gustafson recently returned from four weeks spent in the citizens training camp at Ft. Sheridan and is full of enthusiasm for the athletic department of the school. Calisthenics for all grades will become a feature this year. Five minutes of each recess period will be devoted to mass calisthenics out of doors. When the weather is inclement, they will be given by Mr. Gustafson within the rooms with all the windows open, the children standing and facing them. The boys of the 7th and 8th grades will receive two hours each week in manual training.

## Vacationists Find Hospitality of East Most Enjoyable

Mrs. Martin Plate, accompanied the Misses McCune and Mr. Rudolph upon an auto trip through the east that was a delightful experience. It was different from the usual trips of that kind in that they were in no hurry and learned a lot of things that surprised them. Their greatest surprise was the politeness of the eastern policemen; especially in Boston. Surprise No. 2 was the discovery of a commonwealth that has blue laws. They discovered oxen at work in fields near Albany. They had tin cans thrown at them in Chinatown and the Italian quarter, where the inhabitants evidently had a dislike for tourists with curiosity tendencies. There they were called "rubber necks." They traveled the entire distance without any auto mishaps, yet on their return home they experienced two between Chicago and Palatine. In both bases, their fenders were damaged, the last time by a Park Ridge police car. These things only added to the enjoyment of the trip and gave them some real stories to tell the folks back home.

The trip east was made through the Allegheny and Cumberland mountains. They first visited Baltimore and Washington, continuing on to New York. Their auto trip to Boston along Long Island sound was one of the prettiest parts of their journey. Mrs. Plate says that any tourist who stops his eastern trip in New York is making a mistake. The trip to Boston is worthy of the journey. They were in the latter city at the time of the funeral of the two kids who were electrocuted. The streets were blockaded so bad they had to detour ten miles to reach Cambridge. It was there that they had their experience with the blue laws. There is no dancing on Sunday in the state. All theatres remaining open must omit the dancing acts. Few movies were open. The "rules of the road" were also much different than in Illinois.

The Illinois car broke them many times. The police instead of bawling the mount, would look at their license number and smilingly correct them. One such policeman caught them twice in ten minutes. They toured westward through train ranges.

## Boy Autoist Held For Manslaughter Under \$5000 Bond

Glen Thompson, 19 years old, 1322 Jefferson St., Des Plaines, is being held for manslaughter under a \$5,000 bond for the death of a Mexican killed last Sunday night on the Northwest highway at Arlington Heights. Albert Bartolomei, 17 years old, 1208 Brown St., Des Plaines, is being held under \$400 bonds for disorderly conduct. Carmen Basques, companion of the dead man testified at the inquest that he had asked his friend to walk upon the road shoulder. All four were returning to Des Plaines from the Cook County Fair. Thompson claimed that the car in front of him was only traveling 15 miles an hour and that when he turned out to pass it, he did not exceed 25 miles an hour. The car belonged to A. J. Giesen, of Des Plaines.

### SPECIAL NOTE

On account of lack of space we are forced to omit from the Herald this week news from adjoining towns. Such news will be included in the edition of the Cook County Herald next Tuesday.

The Berkshire mountains through New York to Buffalo, where they passed into Canada, thence to Detroit and home. They were gone two weeks and visited 12 states and passed through three mountain ranges.

## HIGH SCHOOL HAS RECORD ENROLLMENT

The Arlington Heights high school opened Tuesday with a record enrollment, totaling 241, an increase of 25 per cent over last year. The Freshman class numbers 103. Upon opening day six teachers were assigned to these beginners in high school. Supt. Brown says that he never had a registration of pupils that was so easily accomplished. Following the registration in the morning, assignment of lessons were given in the afternoon and the pupils entered upon regular work the next morning. The large freshman classes necessitates several sections of the various studies. There are five divisions for algebra, four for English and general science, three in sewing and beginning of manual training.

Two in Latin and cooking. The bookkeeping room is filled to its limit. All classes have overflows. The sewing room and bookkeeping rooms have a be used for other studies. In these lective studies there are also advanced algebra, ten are taking advanced algebra, preparing themselves for special lines of future study and 12 are taking economics.

No official announcement has been made as yet as to the brand of that cigaret which Lindbergh smoked in public. That leaves the field open for all the manufacturers to make their claims.

## Village Board Approves New Plat For Proposed Three State Boulevard

### NEW LIGHTS ? ?

The Arlington Heights village board is anxious to learn the wishes of the citizens of Arlington Heights in reference to the new street lighting system that is proposed for the village. A chart showing location of present gas lights, and the proposed locations of the new electric lights, is on display in a window of the Perrin candy store. The chart is self explanatory. The lights which are suggested are burning each night on So. Duntun Street, corner of Davis and Campbell streets. With the samples of the lights in operation and the chart, the public has the opportunity to judge for themselves the practicability of the plan.

The village board is holding a special meeting Monday evening to take definite action. The general public is welcomed and an opportunity will be given any taxpayer to be heard. The individual board members will also be glad to hear expressions from the public.

The present gas system is used in only five towns in northern Illinois. Some change is necessary. Is the proposed system what the people of Arlington Heights desire? That is what the village board wants to find out.

## AUCTION OF LOTS NEXT SATURDAY

Local residents who have profited in the advance that real estate has made within Arlington Heights the past few years will probably be on hand for the lot auction in Eastview addition Saturday afternoon. The lots are going to be offered at public auction by the well known specialist Hilmer & Duncan, of Minnesota. This is the firm which opened the Fiene farm a few years ago. The Fiene farm acreage is today among the choicest outsidelots which are worth several times the price at which they were sold.

Only 20 lots will be offered at the auction Saturday. This property is located on the Northwest highway and Foundry road. The highway will soon be widened to 40 feet and Foundry road is awaiting pavement. The lots will be sold at the own price of the buyers.

A new Ford car and \$300 in prizes will be given away during the sale. Opportunity to participate in these will be absolutely free to those who attend the auction.

Buyers of the lots will pay one-third down on day of sale and balance in 6, 12, 18 and 24 months. A full announcement appears in this issue.

## Arlington Police Give Motorist Even Break

If there are any motorists who speed thru the business section of Arlington Heights, they deserve to be fined. They are not "square shooters." The local police are giving the motorists more than an even break. Signs upon the eastern entrance to the village places a speed limit of "35" miles an hour until the Arlington Seating Co. property is reached, when it is lowered to 20 miles. The conditions on the western limits of the village are such that the speed must be kept down to 20 miles. "Slow" signs are placed at dangerous points. There is probably not another village which officially allows a speed of 35 within its borders. The motorists should realize that the village police are doing every thing possible to "hurry them on their way" and they should be willing to cooperate with the police by not exceeding a "safety speed" when passing thru the center of the village.

Officers Skoog, Hyerdahl and Wm. Duerhing painted signs upon the highway from one o'clock until five a. m. Saturday. Doing the work in the late hours of the night, the minimum number of autoists were discommoded.

## A Clean Fair, But Oh, It Was Hard

Politics played no part in the Cook County fair. We do not know if politics attempted to butt in, but we do know that the gambling element attempted to grab control. The fair officials were too strong for them.

Five games were closed tight and all efforts of the owners to get permission to reopen came to naught. Representatives of the agricultural department of the state of Illinois were present each day. They were given full control of the midway and any evidence of crookedness, brought quick action upon their part.

In this matter, they had the aid and assistance of "higher ups" meant nothing to these people. Hints of politics were of no avail. As a result the Cook County Fair midway will be given a clean bill at the state headquarters.

A revised plat of the H. Roy Berry Co. of their subdivision in the eastern part of Arlington Heights was approved by the village board Wednesday evening. The adoption was contingent upon the final approval by the Cook County Board of Commissioners to a change in the original route of the highway. The revised route which is now being considered by the highway department and which is provided for in the new plat of the territory affected moves the route 700 ft. west, where it passes under the Chicago & Northwestern railway. The original plans called for a subway at the Russell bridge. The section lines in Wheeling and Elk Grove townships do not coincide, and the road will bear to the west upon entering Wheeling township from Elk Grove. Farm buildings on the Kirchhoff farm are also in the way and in the original plan the highway has curved to the east, to avoid the buildings and to pass under the railway track at the point of the greatest grade.

The new plans send the highway to the west of the Kirchhoff buildings and eliminates one turn. H. Roy Berry has revised their plat to the new plans. All streets will be curved and the water mains that are now being laid will be constructed according to the new plat.

The three state boulevard will pass under both the Northwest highway and the Northwestern railroad.

The county board of commissioners two months ago passed the resolution adopting the route of the proposed Three State Boulevard. The resolution in part is as follows:

Your committee has considered the resolution by Commissioner William Busse in reference to the designation of the Three State Boulevard, and in connection therewith with letter of approval from the Chicago Regional Planning Association, on the same subject.

Your committee concurs in the opinion of the Chicago Regional Planning Association and recommends that the following resolution be and by the adoption of this report is approved and adopted:

Whereas, the increased use of motor vehicles and the rapid growth of the Region of Chicago indicates the necessity of preserving wide rights of way for the needs of future highway traffic; and

Whereas, the highway authorities of the counties of Milwaukee, Racine and Kenosha in Wisconsin; Lake, Cook and DuPage in Illinois; Lake, Porter and LaPorte in Indiana have agreed on the general location of a 200 foot wide road, known as the Three State Boulevard, beginning at Milwaukee and passing near Libertyville and Mundelein, Mount Prospect, and Arlington Heights, Elmhurst and Villa Park, Hinsdale and Clarendon Hills, mouth of the Sag Channel, Lansing, Gary, Chester and ending at LaPorte and Michigan City; and

Whereas, all the property owners along the Busse Road section line in Elk Grove Township and the Arthur Avenue section line in Wheeling Township, excepting those fronting on nine-tenths of a mile, have expressed their willingness to provide the necessary right of way for this 200 foot highway, and the route following said section line joins to the desired locations in DuPage and Lake Counties, and also makes possible feasible grade separations with the Chicago and Northwestern Railway and the Northwest Highway; therefore, be it

Resolved, that the Board of Commissioners of Cook county on recommendation of the Chicago Regional Planning Association establish the location of the 200 foot highway in Elk Grove and Wheeling townships, and be it further

Resolved, that hereafter subdivision plats bordering the line described herein outside of city or village limits shall be required to provide a 200 foot right of way before approval; and, be it further

Resolved, that copies of this resolution be forwarded to the Boards of Supervisors of DuPage and Lake counties and to the president and board of trustees of the Villages of Arlington Heights and Mount Prospect.

## New Broadcasting Station to Open October First

W. I. B. O., the broadcasting station, owned and operated by Nelson Bros. Bond and Mortgage Co., 134 N. LaSalle St., announce that they will open their new broadcasting station Oct. 1. They recently purchased ten acres of Ernst Jaacks on Ballard road and have erected two towers 150 ft. high. A building 25x50 which will include living quarters and operating station, is now being constructed. The new station will operate under 416.4 meters, 720 kilocycles. This firm formerly broadcasted in Chicago, and is moving out there in order to increase their power.

The Roy Dobbins family have moved into their new home on the south side of town. Mrs. Alex Lips is enjoying a two weeks vacation from his duties in Chicago. Mr. James Williams has returned from a motor trip to Wisconsin and reports a very fine time.

The Einar Ild family motored to Milwaukee on Sunday. Miss Margaret Hausmann enjoyed a visit from her friend, Miss Marjorie Rassmussen of Chicago over the week-end.

Miss Emily Hausmann and her girl friends of Park Ridge spent Sunday and Monday with her brother, Rudolph and family.

Fayette Briggs and family spent Saturday, Sunday and Labor Day with Mrs. Briggs mother, Mrs. Simonson at Earlville, Ill.

Several Arlington Heights residents, including Mr. L. G. Helm, attended an old settlers reunion at the Barrett home in Oak Park Saturday.

A health clinic will be held at the health center next Monday at 11 o'clock. The regular infant welfare clinic will be held next Wednesday at two o'clock.

Earl Skoog, who suffered internal injuries some time ago when a large tile fell upon him, is now convalescing at the home of his parents at Riverside, Ill., where he expects to remain six weeks, when he will return to the Evanston hospital for a kidney operation. He is doing as well as can be expected.

Fred Hintz, our street commissioner is taking a vacation and it is a well earned one. Some people work only with their hands, others in addition use a little head work. It was headwork that won for Mr. Hintz, his few days vacation. When the county was grading Wilke road, he prevailed upon the workmen to also grade west Campbell street. The county roller was also used. The result was rather a fine job and Fred was so well pleased that he celebrated by taking a trip to Iowa and Minnesota.

Mr. and Mrs. A. O. Miller and Miss Lillian Klusmann motored to several points of interest in Wisconsin over the week-end.

Mrs. Herman Heidorn and daughter, Gertrude, have returned to Arlington Heights and will reside here in order to permit Gertrude to attend our high school.

Rev. and Mrs. H. H. Kossack and daughters, returned home Friday, Sept. 2, after enjoying a pleasant vacation at Wilton, Iowa, and German Valley, Ill.

Miss Lillian Russell and her sister, Irene, are again with us, after the summer's absence.

Evelyn Rau began teaching in Plano this week.

Mr. and Mrs. O. M. Baldwin have wired their parents, Mr. and Mrs. N. Webber, from Niagara Falls, that they are enjoying their "second honeymoon" to the fullest extent. The young couple will proceed to the Cave of Wisdom in northern Canada, where they will be met by the famous Canadian guide, John Jerry, who is one of the few guides who has a fish trap concession on the Canadian shore of the Niagara River. After a few days of hunting and fishing, Mr. and Mrs. Baldwin will go to Toronto to attend to some business affairs, and then home.

Dr. and Mrs. Dunn have returned from a delightful vacation trip to Sioux City, Ia., where they visited Dr. Dunn's sister and other relatives and points in South Dakota. The doctor enjoyed a lot of fishing in St. James river. That river is so infested with the "wrong" kind of fish it is being seined and the fish fed to hogs. The doctor did not do any of the hog fishing however. He was too busy having a good time. He has returned home full of pep for his office duties.

Robert Proctor, West Campbell street and Kinross avenue, has been appointed Curtis Publishing Company representative for Arlington Heights. Bob will be on deck with copies of the Saturday Evening Post, The Country Gentleman and Ladies Home Journal. For prompt delivery and good service call Arlington Heights 310. (9-16)

Dr. and Mrs. McCrimmon are making their home in the upper flat of Mrs. John Russell's home.

Mrs. Herman Toepfer, of Clyde, Ohio, with her mother, Mrs. Kellogg, and sister, Clara, returned home Saturday from a two weeks' visit with relatives at London, Ont.

Miss Zella Tesch is enjoying a two weeks' vacation.

The L. B. A. met with Mrs. Laura Sieburg Tuesday evening.

John Albrecht and wife have moved into their new home on Walnut street.

Arthur Bray and Rudolph Dieball two local society boys of this village motored to The Dells, Wisconsin and spent the week-end.

Bruno Kerber and Frank Rapp spent several days last week sight-seeing and fishing in Northern Wisconsin, Michigan and Canada. They report lots of small, wild fruit going to waste in Wisconsin, due to lack of help to pick it.

Mr. and Mrs. Harry Loose, Jr., spent several evenings last week at the home of Mr. and Mrs. Waldo Pearson. From the amount of noise we judge that the games of "500" must have been pretty good.

Mrs. Carl Dieball, Sr., of Arlington Heights is at St. Joseph's Hospital, Elgin, Ill., where Dr. Starck amputated part of her hand on account of blood poisoning, affecting the bone. She is doing nicely.

The annual reunion of the old time Arlington Heights friends of Mrs. Nancy Barrett was held at her beautiful home in Oak Park, Saturday, September 3. About thirty members and guests of the organization were present, including residents of Arlington Heights, Kenilworth, Highland Park, Evanston, Park Ridge, Chicago, Kankakee, Boston and California. After a delicious luncheon was served by Mrs. Barrett and her daughters, Mrs. Bradford and Miss Mae Barrett, a short business meeting was held, and an impromptu musical program was enjoyed by all. Mrs. Barrett extended a cordial invitation to come again next September.

## OBITUARY

### Esther Hulke Flentie

Mrs. Robert Flentie, nee Hulke, entered this life December 18, 1902 in the city of Chicago. At a tender age she was baptized within the Evangelical church at Des Plaines, faithfully attended the Sunday school and was confirmed according to the rites of that church.

Grown to young womanhood she met and was wooed by Robert Flentie. This courtship soon blossomed forth into marriage, February 5, 1927. The happy young couple made their home temporarily with Mr. Flentie's parents until their pretty new home was completed on South State road. But their young married happiness was not to endure while looking forward to the most joyful event of the marriage relation, she was suddenly and violently stricken ill on Saturday, August 27. Upon reaching the St. Francis hospital in Evanston, she sank into a death-like coma. Realizing the hopelessness of the situation, the attending physicians performed a caesarian operation to save the life of the child. The baby boy at present is making satisfactory progress and no doubt will live to the joy of his bereaved father. The young mother, however, failed to regain consciousness and peacefully fell asleep in the arms of her Saviour at 1:25 a. m. August 31.

Walter F. Karstens was then placed in charge of the remains and the body was laid out in the pretty new home which had been the pride of her heart and many friends and neighbors came to show their last respects. The funeral was held Saturday afternoon. Rev. Barwick, pastor of the Congregational church of Des Plaines conducted the final sad rites of the church. A quartet of well blended voices sang a number of beautiful and comforting Gospel hymns at the house, the church and the grave. The funeral procession which followed the hearse from the home in Arlington Heights to the church in Des Plaines, was made up of 93 cars. Four cars were reserved to carry the gorgeous array of floral pieces sent by relatives and friends from far and near.

The following young men served as pall bearers: Albert Blum, Wilbert Wiese, Harry Niebuhr, Bartholomew Luster, Robert Eisner and Harry Kindt, while the following young women served as honorary pall bearers and flower girls: Irene Pettitclair, Gertrude Fleischer, Mrs. Warren Petersen, Mrs. Grace Helfers, Gladys Almquist, Isabel McDonald. The services at the church were very solemn and impressive and the comforting words of scriptural hope spoken by pastor Barwick served in a measure to remove the sting of this untimely death. At the close of it all, the beloved body was lowered into the grave on the family lot in Des Plaines, there to await the glorious dawn of resurrection day and the happy reunion to follow.

"I am the resurrection and the life. He that believeth on me, though he were dead, yet shall he live, and he that liveth and believeth in me shall never die."

Brief life is here our portion; Brief sorrow, short-lived care; The life that knows no ending, The tearless life is there. Oh happy retribution! Short toil, eternal rest; For mortals and for sinners A mansion with the blest.

Mr. Peter Goetzinger assisted his brother in law, Mr. Coy, on Saturday, by helping him with his house painting.

The Roy Dobbins family have moved into their new home on the south side of town. Mrs. Alex Lips is enjoying a two weeks vacation from his duties in Chicago. Mr. James Williams has returned from a motor trip to Wisconsin and reports a very fine time.

The Einar Ihle family motored to Milwaukee on Sunday. Miss Margaret Hausmann enjoyed a visit from her friend, Miss Marjorie Rasmussen of Chicago over the week-end.

Miss Emily Hausmann and her girl friends of Park Ridge spent Sunday and Monday with her brother, Rudolph and family.

Fayette Briggs and family spent Saturday, Sunday and Labor Day with Mrs. Briggs mother, Mrs. Simonson at Earlville, Ill.

Several Arlington Heights residents, including Mr. L. G. Helm, attended an old settlers reunion at the Barrett home in Oak Park Saturday.

A health clinic will be held at the health center next Monday at 11 o'clock. The regular infant welfare clinic will be held next Wednesday at two o'clock.

Earl Skoog, who suffered internal injuries some time ago when a large tile fell upon him, is now convalescing at the home of his parents at Riverside, Ill., where he expects to remain six weeks, when he will return to the Evanston hospital for a kidney operation. He is doing as well as can be expected.

Fred Hintz, our street commissioner is taking a vacation and it is a well earned one. Some people work only with their hands, others in addition use a little head work. It was headwork that won for Mr. Hintz, his few days vacation. When the county was grading Wilke road, he prevailed upon the workmen to also grade west Campbell street. The result was rather a fine job and Fred was so well pleased that he celebrated by taking a trip to Iowa and Minnesota. Here is hoping that he returns well rested and brings back some more hunches that will improve our village highways.

Mr. and Mrs. A. O. Miller and Miss Lillian Klusmann motored to several points of interest in Wisconsin over the week-end.

Mrs. Herman Heidorn and daughter, Gertrude, have returned to Arlington Heights and will reside here in order to permit Gertrude to attend our high school.

Rev. and Mrs. H. H. Kossack and daughters, returned home Friday, Sept. 2, after enjoying a pleasant vacation at Wilton, Iowa, and German Valley, Ill.

Miss Lillian Russell and her sister, Irene, are again with us, after the summer's absence.

Miss Gladys Pauleck daughter of Mrs. F. J. Sachs is in St. Francis hospital, Evanston, taking a course in nursing.

Evelyn Rau began teaching in Plano this week.

Mr. and Mrs. O. M. Baldwin have wired their parents, Mr. and Mrs. N. Webber, from Niagara Falls, that they are enjoying their "second honeymoon" to the fullest extent. The young couple will proceed to the Cave of Wisdom in northern Canada, where they will be met by the famous Canadian guide, John Jerry, who is one of the few guides who has a fish trap concession on the Canadian shore of the Niagara River. After a few days of hunting and fishing, Mr. and Mrs. Baldwin will go to Toronto to attend to some business affairs, and then home.

Dr. and Mrs. Dunn have returned from a delightful vacation trip to Sioux City, Ia., where they visited Dr. Dunn's sister and other relatives and points in South Dakota. The doctor enjoyed a lot of fishing in St. James river. That river is so infested with the "wrong" kind of fish it is being seined and the fish fed to hogs. The doctor did not do any of the hog fishing however. He was too busy having a good time. He has returned home full of pep for his office duties.

Robert Proctor, West Campbell street and Kinnicott avenue, has been appointed Curtis Publishing Company representative for Arlington Heights. Patrons of School District No. 25 are beginning to realize the wisdom that was shown when the south side property was purchased. There are five acres there that cost originally \$5,000. Today this property, as lots, is worth nearly ten times that amount. With the landscaping of the land it is as attractive a school property as can be found anywhere and will ever stand as a monument to the foresight of the citizens who made its purchase possible. While the present enrollment is not heavy, it is only a question of a short time before it will be crowded and an addition to the building will be necessary.

## Even a Boy Scout Has Troubles

Frances Matthei is a boy scout and accordingly he is not complaining about all the things that came his way at the fair. However, the editor found he had a "punctured" head and thus he got the story. He was chasing a fellow scout at the fair when the latter's heels hit a flag pole. The pole came down and likewise the eagle, hitting his head, necessitated stitches. To make matters worse his fever came to visit him and there are minor other things that came his way. But as a good scout, Frances grins and forgets all such minor things.

# ARLINGTON HEIGHTS ZONING ORDINANCE

To The Honorable President and Board of Trustees of the Village of Arlington Heights, Illinois.

We the undersigned constituting the Zoning Commission of the Village of Arlington Heights, a commission authorized and legalized by your ordinance passed and approved on the 2nd day of September, A. D. 1924, hereby submit the following report:

Upon receiving notice that your Board had appointed us as a Zoning Commission we met on the 9th day of September, A. D. 1924, and organized under the authority of the Zoning Commission of the Village of Arlington Heights, a commission authorized and legalized by your ordinance passed and approved on the 2nd day of September, A. D. 1924, hereby submit the following report:

That after said appointment and said organization of this Commission as aforesaid, this Commission proceeded with the proposition of zoning the Village of Arlington Heights, Illinois, and the preparation of an ordinance for that purpose; that it held meetings of such Commission at various times and studied and deliberated on the various principles involved in zoning, including various decisions of the Supreme Court of Illinois, as well as decisions from other states, and studied local conditions involved in the zoning of the Village of Arlington Heights; that in such studies and deliberations it consulted the opinions of competent engineers and attorneys and that said Commission also made trips of inspection in said Village of Arlington Heights for the purpose of determining local conditions in connection with the fixing of the boundaries of the various districts; that on the 6th day of December, A. D. 1925, the Commission filed a tentative report and a draft of a proposed Zoning Ordinance for the entire Village of Arlington Heights, Illinois, with the President and Board of Trustees of said Village; that in accordance with the statute of the State of Illinois which empowers cities and villages to zone, the Commission advertised a public hearing for the 23rd day of December, A. D. 1925, at the hour of eight o'clock P. M. in the Village Hall of Arlington Heights, and notice of such hearing having been given fifteen days in advance thereof by publishing the same in the Cook County Herald, a newspaper of general circulation in the Village of Arlington Heights, in which notice was given of the time and place of hearing and accessible places where copies of said proposed and tentative ordinance could be examined by interested parties; that we adjourned said public hearing from time to time so that every one interested could be heard; that at said public hearings various suggestions were made and incorporated in a new draft of a proposed Zoning Ordinance.

That thereafter, on the 11th day of July, 1927, this Commission prepared a further tentative report and filed same, together with a copy of such revised proposed ordinance, for the entire Village of Arlington Heights, with the President and Board of Trustees of said Village; that thereupon the Commission advertised a further public hearing on said proposed Zoning Ordinance for the 3rd day of August, A. D. 1927, to be held at the Village Board Room in the Village Hall in said Village of Arlington Heights, at the hour of eight o'clock P. M., due notice of such further hearing having been given fifteen days in advance thereof by publishing same in the Cook County Herald, a newspaper of general circulation in the Village of Arlington Heights, in which notice was given of the time and place of hearing and accessible places where copies of said proposed and tentative ordinance could be examined by interested parties.

That we adjourned the hearing from time to time so that every one interested has been heard and has had ample opportunity to be heard, in accordance with the spirit as well as the letter of the statute authorizing this Commission and the work that has been done.

And now within thirty days after the final adjournment of such hearing the Commission hereby makes its Final Report and submits a proposed ordinance (hereto attached) for said entire Village of Arlington Heights, and recommends the passage of said ordinance by your honorable board.

Dated, Arlington Heights, Illinois, August 15th, 1927.

Zoning Commission of the Village of Arlington Heights.

An Ordinance to Classify, Regulate and Restrict the Locations of Trades and Industries and the Location of Buildings Designed for Specific Uses; to Regulate and Limit the Intensity of the Use of Lot Areas and to Regulate and Determine the Area of Yards, Courts, and Other Open Spaces Within and Surrounding Such Buildings, and to Establish the Boundaries of Districts for the said Purposes and Prescribing Penalties for the Violation of its Provisions.

BE IT ORDAINED BY THE President and Board of Trustees of the Village of Arlington Heights, County of Cook and State of Illinois:

SECTION 1. DEFINITIONS. That for the purpose of this ordinance the terms and words herein

after given are herewith defined as follows:

Words in the present tense shall include the future; words in the singular number shall include the plural number and words in the plural number shall include the singular number; the word "building" includes the word "structure" and the word "lot" includes the word "plot."

**ACCESSORY BUILDING:** A subordinate detached building, or portion of a main building, located in and occupying not more than 30% of the rear yard of which is incidental to that of the main building, and which does not exceed 12 feet in height and sometimes known as outbuildings.

**ALLEY:** A public thoroughfare not over 18 feet wide.

**APARTMENT HOUSE:** See tenement house.

**APARTMENT HOTEL:** An apartment house in which is provided dining room accommodations for the joint use of the apartment house tenants.

**APARTMENT:** A household unit consisting of one or more rooms in a tenement or apartment house, suitable for occupancy by one or more persons.

**BASEMENT:** A story partly beneath the level of the ground which, unless subdivided and used for tenement purposes, shall not be included as a story for purposes of height measurement.

**BOARDING HOUSE:** A building or place wherein table board is provided to five or more individuals outside of the members of the family of the owner or proprietor, pursuant to previous arrangement and not to any one who may apply.

**BUILDING:** A structure having a roof supported by columns or walls, and when separated by divisions or party walls without openings each portion of such structure shall be deemed a separate building.

**BUILDING AREA:** The maximum horizontally projected area of a building and its accessories, including open steps and terraces projecting not more than 30 inches.

**BUILDING LINE:** The line established by the subdivision by agreement or otherwise or by deed or other conveyance, designating the distance of the front part of any structure from the street line of the street in front of such structure; and where no building line is established in the subdivision by agreement or by any deed or other instrument of conveyance, the building line along any street shall be a line parallel to the street line in front of same, passing through the front line of the nearest structure on building to said street line.

having a width of not less than three feet.

**OUTER COURT:** An outer court shall have a width between the opposite closed sides of said court of not less than five feet nor less than two and one-half inches wide for each foot of height of such court, nor less than three inches wide for each foot of length of court from the closed end.

**INNER COURT:** An inner court shall have a least dimension of not less than six feet, nor less than three inches for each foot of height of such court, nor shall its area be less than twice the square of its required least dimension.

**INTENSITY OF USE OF LOT:** No building with its accessory buildings shall occupy in excess of 30% (30 percent) of an interior lot, nor in excess of 35% (35 percent) of a corner lot. No dwelling or dwellings shall hereafter be erected or altered to accommodate more than fifteen families on any acre of land, nor more than a proportional number on a fractional part of an acre of land. The maximum number of families which may hereafter be housed on any plot of ground shall not exceed the integral number obtained by multiplying the acreage of such plot, exclusive of the area within street lines, by fifteen; provided, however that the limitation imposed by this paragraph shall not prohibit the erection of a dwelling arranged or designed for the use of only one family on a lot containing at the time that this ordinance takes effect an area of less than one-fifth of an acre, but if the foregoing proviso shall be held invalid such invalidity shall not affect or render invalid the remainder of this ordinance or any part thereof, except only said proviso.

**SECTION 10. AREA DISTRICT B:** In Area District B minimum dimensions of courts and intensity of use of lot areas by buildings shall be as follows:

**REAR YARD:** There shall be a rear yard having a depth of not less than ten feet nor less than ten percent of the depth of a corner lot, nor less than four inches deep for each foot of building height; and a depth of not less than fifteen feet nor less than fifteen percent of the depth of an interior lot, nor less than five inches deep for each foot of building height.

**OUTER COURT:** An outer court shall have a width, between the opposite closed sides of said court, of not less than five feet nor less than two and one-half inches wide for each foot of height of such court, nor less than three inches wide for each foot of length of court from the closed end.

**INNER COURT:** An inner court shall have a least dimension of not less than six feet, nor less than three inches for each foot of height of such court, nor shall its area be less than twice the square of its required least dimension.

**INTENSITY OF USE OF LOT:** No building with its accessory buildings shall occupy in excess of 60 per cent of an interior lot, nor in excess of 70 percent of a corner lot. No dwelling or dwellings shall hereafter be erected or altered to accommodate more than eighty families on any acre of land, nor more than a proportional number on a fractional part of an acre of land. The maximum number of families which may hereafter be housed on any plot of ground shall not exceed the integral number obtained by multiplying the acreage of such plot, exclusive of the area within street lines, by eighty.

**SECTION 11. AREA DISTRICT C:** In Area District C there shall be no restriction of the intensity of use of any lot, piece or parcel of ground thereon.

**SECTION 12. COMBINATION OF BUSINESS AND RESIDENCE:** All living rooms, apartments or flats constructed in connection with any part of a building to be used for a business purpose shall conform to the requirements of Section 10, respect to inner and outer courts.

**SECTION 13. BUILDING LINE:** Where a building line is established in a plat or subdivision such building line shall be observed; and where no building line is established in a subdivision as aforesaid then in Residence District A no building shall be constructed closer to the street line than the nearest building or structure at such time and where no building line has been established in a subdivision as aforesaid or by usage in the construction of buildings as hereinbefore provided, then no residence or building shall be constructed in any block in Residence District A closer to the street line than twenty-five (25) feet, without the consent of a majority of the owners of property in that block, fronting or siding upon the street or avenue where such building is proposed to be constructed.

**SECTION 14. AREA DISTRICT EXCEPTIONS AND FURTHER REGULATIONS:** The foregoing requirements in the area districts shall be subject to the following exceptions and further regulations: First. Nothing contained in the foregoing area district regulations shall require the compliance therewith of any building existing or in process of erection at the time this ordinance takes effect, but no alteration of any such building shall be permitted which increases the extent of any non-compliance with such regulations.

Second. No yard, court or other open space provided about any building for the purpose of complying with the provisions of said area district regulations shall again be used as a yard, court or other open space for another building.

Third. Accessory buildings may occupy forty per cent of the required area of the rear yard to a height of not exceeding twelve feet, or if the distance from the main building to the accessory building shall be not less than the required minimum depth of the rear yard, then to a height of not exceeding twenty-five feet.

Fourth. Every part of a required yard or court shall be open from the lowest point to the sky, except for the projections of sills, belt courses, cornices and orna-

mental features not to exceed four inches.

Fifth. Open or lattice-enclosed stairways and solid floored balconies opening upon fire towers, projected into a yard not more than five feet or into a court not more than three and one-half feet and the ordinary projections of chimneys and flues may be permitted where the same are so placed as not to obstruct light and ventilation.

**SECTION 15. OCCUPANCY PERMITS:** No land shall be occupied or used and no building hereafter erected or altered shall be occupied or used in whole or in part for any purpose whatsoever until a certificate shall have been issued by the Village Clerk or such other person as hereinafter may be designated by ordinance, stating that the building complies with all the building and health laws and ordinances and with the provisions of these regulations.

No change of use shall be made in any building or part thereof now or hereafter erected or altered that is not consistent with the provisions of these regulations. Nothing in this section shall prevent the continuance of the present occupancy or use of any existing building, except as may be necessary for safety of life and property.

Certificates for occupancy and compliance shall be applied for or issued with the application for a building permit and shall be issued within ten (10) days after the erection or alteration of such buildings shall have been completed. A record of all certificates shall be kept on file in the office of the Village Clerk or such other person as hereinafter may be designated by ordinance, and copies shall be furnished, on request, to any person having a proprietary or tenancy interest in the building affected. A fee of two dollars shall be charged for each original certificate and one dollar for each copy thereof.

No permit for excavation for or the erection of any building shall be issued before application has been made for certificate of occupancy and compliance. No building or premises may be occupied until such certificate shall have been issued.

**SECTION 16. USE PERMITS:** No change shall be made in the use of a building without a permit having first been issued by the Village Clerk or such other person as hereinafter may be designated by ordinance, and no permit shall be issued to make such a change unless it is in conformity with the provisions of this ordinance or amendments thereto hereafter duly enacted.

**SECTION 17. PLATS:** All applications for building permits shall be accompanied by a plat in duplicate drawn to scale showing the actual dimensions of the lot to be built upon, the size of the building to be erected, and such other information as may be necessary to provide for the enforcement of these regulations. A careful record of such applications and plats shall be kept in the office of Village Clerk or such other person as hereinafter may be designated by ordinance. No yard, court or other open space provided about any building for the purpose of complying with the provisions of these regulations shall again be used as a yard, court or other open space for another building.

**SECTION 18. INTERPRETATION.** In interpreting and applying the provisions of this ordinance, they shall be held to be the minimum requirements for the promotion of the public safety, health, convenience, comfort, prosperity and general welfare. It is not intended by this ordinance to interfere with or abrogate or annul any ordinances, rules, regulations or permits previously adopted or issued, and not in conflict with any of the provisions of this ordinance or which shall be adopted or issued, pursuant to law relating to the use of buildings or premises, nor is it intended by this ordinance to interfere with or abrogate or annul any easements, covenants, or other agreements between parties, provided, however, that where this ordinance imposes a greater restriction upon the use of building or premises or upon height of building or requires larger open spaces than are imposed or required by such ordinances, rules, regulations or permits, or by easements, covenants, or agreements, the provisions of this ordinance shall control.

**SECTION 19. CONFLICT.** Wherever the provisions of this ordinance require larger open spaces, less height or less area of the lot to be covered by a building than any existing ordinance or ordinances of the Village of Arlington Heights, this ordinance shall govern.

**SECTION 20. BOARD OF APPEALS.** A Board of Appeals is hereby established, consisting of five members to be appointed by the President of the Board of Trustees of the Village, subject to confirmation by such Board of Trustees. Such Board of Appeals shall have the powers and be subject to the duties specified for such Board in an Act of the General Assembly entitled "An Act to confer certain additional powers upon city councils in cities and presidents and boards of trustees in villages and incorporated towns concerning buildings and structures, the intensity of use of lot areas, the classification of trades, industries, buildings and structures, with respect to the location and regulation, the creation of districts of different classes, and the establishment of regulations applicable thereto," approved June 28, 1921, and in force July 1, 1921, and the amendments thereto.

**SECTION 21. ENFORCEMENT.** This ordinance shall be enforced by the President and Board of Trustees or such other officer as may be designated by the President and Board of Trustees.

**SECTION 22. VIOLATION AND PENALTY.** Any person, firm or corporation who violates, disobeys, omits, neglects or refuses to comply with or who resists the enforcement of any of the provisions of this ordinance shall be in

full force and effect from and after its passage, approval and publication according to law. Passed this 29th day of August, A. D. 1927.

ARTHUR L. McELHOSSE, Village Clerk.

## OBITUARY

Betina Koehler, born Fedderke, was born May 6, 1862, in the north district of Weinrich's Parish. She was baptized and confirmed by Rev. Franke of Weinrich's church March 4, 1883. She was married to August Koehler by Rev. Grosse. Nine children were born to this union. A son, Otto, died several years ago and her husband predeceased her in death just ten days ago. She died on Sept. 3, 1927, at the age of 65 years, 3 months and 27 days, of heart trouble and dropsy. She is survived by eight children, 26 grandchildren, 5 sisters, 2 sons-in-law, 2 daughters-in-law, 2 brothers-in-law and 2 sisters-in-law.

Funeral services, in charge of Rev. Zerzen, were held at the home at 1:30 and at the church at 2 p. m., Tuesday, Sept. 6, 1927. Interment was at St. Luke's cemetery by the side of her husband.

"In death they were not long divided."

## MT. PROSPECT

The camp fire girls went on a hike last Saturday morning. At 6:30 the eight girls and their guardian, Miss Bertha Ehard started out for where they had their breakfast. The entire day was spent outdoors playing games, etc. When at about 8 o'clock they were back home it was called a "big day."

The Mt. Prospect public school began the new school year with 52 scholars present. Those starting out for their first school year were Bernice Bensie, Duane Kolfman, Jeanette Pohlman, Florence Flynn, Junior Soenshen, Luella Schram, Vance Folkman, Shirley Tatge and George Zirkelbach.

Mrs. Butler who has so ably taken care of the classes in the past, and Miss Grace Gutzler are the teachers. As this is Miss Gutzler's first year with the Mt. Prospect school we wish her success.

On Wednesday evening, Sept. 14 the Mt. Prospect Woman's Club will have their first meeting of the coming club year. The meeting

will be held at the public school house at 8 p. m. and we anticipate the presence of all the members.

Mr. Fenz has been recuperating from his recent illness and we are glad to welcome him back to Mt. Prospect.

Mr. C. Lipp has had a set back and is now at St. Luke's hospital, where he underwent an operation. We sincerely hope that Mr. Lipp will be able to fully regain his strength before winter.

The next Infant Welfare Day will be on Wednesday, Sept. 24, 2 to 4 p. m. at the village hall. Mothers should not forget that it is not only a privilege but a duty to take advantage of every welfare day.

The board of local improvements will meet Saturday, September 10, having adjourned their meeting Tuesday night to that time.

The Real Estate Operators are feeling the result of our village pavement. Many purchasers of properties are coming and investigating the locations. They have heard of the progress our village has made this year.

Mr. and Mrs. William Busse and Mr. and Mrs. George Busse, sailed

for the U. S. A. from Bremen Harbor, Germany, Saturday, Sept. 3, on the S. S. Derlinger. It is hoped that they arrive in Mt. Prospect on about September 15. A royal American welcome from their immediate family will await these globe trotters.

Mrs. Butler enrolled eleven new first graders in our public school the beginning of the term with prospects of more coming in the next few days. This term was begun in the old building but it will not be long before the pupils will be moved into the new school.

The past holidays were a trial to our police officers. All they could do was to take care of traffic conditions and if it must be said, there is not a motorist who can say one unjust word regarding either of the officers. Credit must be given both men for using their private cars when they found it necessary to give pursuit, but they did their duty in fine shape and which, with the motorist, respect for an officer when he is mounted, not one accident of a serious nature happened during the entire three days of heavy traffic—that is, in our corporate limits.

Tuesday evening our village board held its regular monthly meeting with Herman Haas, president Pro Tem, presiding. All trustees were present.

The clerk read the minutes of the previous meeting as well as the treasurer's report. Both were approved as read. The bills were then approved and ordered paid. Herman Haas, our president, put them in good form and put things over in an excellent way. The village board asked the reporter to request the village residents to do all they can to clean up and clear off their properties for the dedication. The village board would like the co-operation of every resident in making our village look neat and clean by having the weeds and high grass cut for this day of dedication.

Chief superintendent of water works reported he was in need of additional water meters and was advised to order a further supply.

"Business is good and getting better in all lines," is a summary of the way our various merchants answer the question when it is put to them. Everyone seems happy and that is quite an indication of prosperity.

St. Paul's Evangelical Lutheran school opened Tuesday with a total enrollment of 120 pupils. Those who were newly enrolled as first graders are: Verna Maleske, Lorna Katz, John Reese, Melvin Oehlerting, Marion Mueller, Elroy Pohlman, LeRoy Wille, Franz

Schott, Sylvia Busse, Elwin, Elmer, Edwin and Clarence Piepenbrink Pearl Gosh, Freda Kloske, Annetta Pahne and Howard Hasz, Alfred and Elmer Drewes and Emma Sadel entered with transfers from other schools. No charge has been made in the faculty. Mr. Martin H. Hasz, Mr. Elmer R. Jackisch and Miss Edna Taege are the instructors.

The Mount Prospect Improvement Club, of which Mr. Wm. Busse, Jr., is president and Mr. Ot. Maleske, treasurer, will hold their regular monthly meeting Monday evening, Sept. 12, at the village hall. Members will please note the date and make an effort to attend same.

Mrs. C. Genrich stumbled while at the county fair and broke her arm.

## Complete Near Million In Paving Contracts

One more week and Milburn Bros. will have completed their sixth paving contract in our village. Five were awarded this year. This means they have done work in Mt. Prospect amounting to better than three-fourths of a million dollars. All paving, it is hoped, will be laid in time for the big Mt. Prospect dedication day, which is to be about October 1, 1927. Milburn Bros. have been awarded another contract in the village, but this is for building sidewalks, as Mr. Lonnquist was so well pleased with their paving that he was sure they could put in an excellent sidewalk in the Country Club subdivision.

THE SMUGGLING OF ALIENS Secretary of Labor, Davis, is getting after the many thousands of aliens who have entered the country illegally.

The American people have taken steps to check immigration, because they felt such action necessary to preserve the distinctive character of our nation. It is a just cause for indignation that many thousands of foreigners slip across the line who could not enter legally. Some plan needs to be formed to identify the aliens who have a right to reside here, and those lacking such a right should find their situation so uncomfortable that they will vacate of their own accord.

They Do Not Wait Much advice is given to young people contemplating marriage, but unfortunately many of them get married without any contemplation. —Muncie Morning Star.

### "Armored" Wheat

Many varieties of wheat well adapted to all districts in this country where flag smut is now known have been found immune or highly resistant to that disease, says the United States Department of Agriculture, among such varieties being the China, Forward, Fullerton (including Stoner), Fulvio, Gladden, Mammoth Red, Pennsylvania 44, Portage, Red Rock, Rudy, Shepherd, Penquite (Velvet Chaff), and other winter wheats. Perhaps the greatest danger from the disease in this country in the future lies in its possible spread to the Pacific Coast states, where the climate conditions are similar to those in Australia, and where wheats susceptible to flag smut are grown.

### Conquered by Beauty

We like to have the girls look just as well as they can and don't blame them a particle for exercising every effort to that end, but it is a little annoying to have the charming young woman in the car just ahead of you continue to devote her undivided attention to doing something to her face after the green light has come on.—Ohio State Journal.

## FAIR PREMIUMS BRING PROFIT TO EXHIBITORS

The exhibits at the Cook County Fair, which closed Monday, exceeded those of any previous year and accordingly, the exhibitors will receive hundreds of dollars in cash premiums. Mrs. L. T. Reuse, who acted as chief entry clerk, was able to announce upon the closing day of the fair, the total of the premium money. With her corps of workers the records were complete and the payment of the premium money is now only a matter of routine.

There are many special prizes. The fair association offered a special prize of \$25 for the best display of cut flowers from a Tribune garden. Miss Grace Beutler won that prize. Mrs. E. H. Liltendorf was second. The ladies evidently did not confine their exhibits to the woman's tent. Miss Lottie Hart

won the prize of \$25 for the sweepstakes on display of vegetables. Neither did the men hesitate to make entries in the woman's tent. Chas. A. Ost was given first prize for asters. He had only one entry, and that one was sufficient to take the prize money.

The record for the number of exhibits probably goes to Mrs. Westrope, of Palatine, who had a total of 20 entries. Miss Rose Scharringhausen, of Arlington Heights, won a wrist watch for the best collection of fancy work. Among the special exhibits was an Irish chain quilt, made by Mrs. W. Davis, of LaGrange. It was hand patched and hand quilted and has 2,000 pieces an inch square.

Mrs. Westrope had the best collection of cold pack vegetables and fruits. Mrs. Herman Linneman is the best bread baker and also received first upon her angel food cake. Pillow cases were popular exhibits. There were 38 pairs entered and the competition was very keen. All ladies are interested in bedspreads. There were four classes. Miss Evelyn Oltendorf re-

ceived first upon an applique bedspread and bolster; Mrs. Toppel on spread, curtain and dresser scarf; Mrs. Morici, of Mt. Prospect, on embroidered bedspread and Mrs. E. Wahl, of Arlington Heights on crocheted bedspread.

**Wonderful Cattle Display**  
The display of pure bred cattle surpassed all previous exhibits at the Cook County Fair and compared very well with some of the large state fairs. W. A. Munn, of Janesville, was awarded premiums of \$366 upon his Guernseys. The Brown Swiss brought \$225 to Edw. F. Reedy, of Lisle. In the Short-horn class, Ray Alward and J. W. Lathers of Beloit, tied with \$243 each. H. Pope, with his milking shorthorns will receive \$237. There was more competition in the dairy class. Wm. Wyatt, of Genoa City, Wis., received \$144 in premiums. H. F. Hoffman, of Dundee \$123 and Ernst Kirchhoff, of Arlington Heights \$95.

Sheep had their own department and the premiums paid well for the exhibitors. Lynn Crall, of Evansville, Wis., received \$48 in addition to \$156 he won on his milking shorthorns. Other winners on sheep were W. B. Clausen of Pleasant Prairie, Wis., who will receive \$153. The Alendale Farm of Lake Villa receives \$45. John Collison, Richmond, \$62.50. In the big department, Bert Turner, of Libertyville, was a big exhibitor and will receive \$112 for his trouble. John Case of Naperville was a close second with \$106 to his credit.

**Poultry Department**  
The Faraway Farm, of Silver Lake, Ind., had a big display and will receive \$154. W. F. Gaare, also a poultry fancier won six firsts and four seconds. Wm. Kublank

who had entries in several departments receives \$30 for fifteen firsts and nine seconds. Leonard Behrens, of Arlington Heights, won 11 firsts and eight seconds, totaling him \$19. John Kreft, always an exhibitor at the fair had five firsts. Henry Giescke had two firsts. Martin Kreft's premium check will total \$5.00. Martin Gewecke, Des Plaines, received second upon his onions. Henry F. Pohlman won first on pears. Herman Reese specialized on flowers and his premiums total \$5.50. Other winners in the agricultural department were:

Auto collisions are becoming rather frequent among local people. Wednesday evening Mrs. A. J. Bohlen, 311 N. Vail, driving a Dodge sedan south bound at Campbell and Vail, collided with Frank Schumacher, of Mt. Prospect, driving west in a Haynes with winter enclosure. Mr. Schumacher, seeing that an accident was near, turned his car south, but not in time to be missed by the Dodge which caught the running board and over turned the car. His passengers were his wife, his two daughters, Audrey and Winifred and Mr. and Mrs. Geistner. Small bruises and cuts were the injuries, which fortunately were not serious. Thursday morning, the cars of Thurman Dodge and Mr. Jahrling collided near the Schoenbeck garage, with no damage except to the cars.

Mr. Ellef E. Ellefson of Alden, Iowa, visited the home of his daughter, Mrs. W. C. Stauffer for two days last week.

## The Switchboard

A WEB of cords that end in numbered holes. A hand, poised ready to answer signals which flash from tiny lamps. A mind, alert for prompt and accurate performance of a vital service. A devotion to duty inspired by a sense of the public's reliance on that service.

Every section of a telephone switchboard typifies the coordination of human effort and mechanism that makes possible America's far-reaching telephone service. Its cords link for instant speech those who are separated by a continent. Its guardian operator is one of an army of telephone men and women vigilant to meet a nation's need for communications.

In plant and personnel, the Bell System is in effect a vast switchboard serving a nation that has been transformed into a neighborhood through telephone growth and development.
